However, there are some great split-screen games that actually deserve some recognition and attention.. However, there are still gamers who prefer playing local co-op games or couch co-op games along with their friends/kids/significant others.. Nowadays, everyone is more interested in playing games online with players from around the world for a competitive experience.. Split-screen games are going out of the scene and being replaced by flashy online multiplayer games.

Many games that did offer split-screen modes in previous releases have completely removed the mode in latest titles (Looking at you Halo 5).. If you are interested in playing some split-screen games on your PC, we bring you the 15 best split-screen games for PC.
